CSP

Digitalizing Beverage Shop

A simple interface was created to improve the customer experience and make the shop operations run smoothly for a soda shop. It helps shop owners manage orders, keep track of inventory, and view important data all in one place. The interface is easy to use and designed to make the day-to-day work of running the shop more efficient. This helps the shop save time and provide a better service to customers.

Landing Page

Coaching Hub

Designed and developed a simple and responsive landing page for **Coaching Hub** using HTML and CSS, featuring courses like DSA, HTML, and JavaScript, with easy navigation and a sign-up form.
